PRESS RELEASE – FOR IMMEDIATE RELEASE ---

Clifton Park, NY--

To Love A Child Inc. partners with Moreau Elementary School and the World Awareness Children's Museum to encourage global community involvement

To Love A Child Inc. is excited to announce its partnership with Moreau Elementary School in the South Glens Falls School District. It is considered a neighborhood school and is very community oriented. Children at Moreau celebrate the first Friday of every school year with a kick-off celebration announcing new initiatives. This year's First Friday celebration held on September 9th was entitled: Students of Moreau Act with Compassion for Community (S.M.A.C.C). Throughout the year, students will learn about children living in other communities as well as their own that may not be as fortunate. Through the partnership with To Love a Child Inc., Moreau has the opportunity to be a "sister" school to a school in Haiti. Students and teachers will connect through writing and technology with students in this rural school. The non-profit organization, To Love a Child Inc, will assist and support this relationship between Moreau and the Haitian school. Cindy Schmehl, Director of To Love A Child, said: "We are thrilled about this partnership and the impact it will have on the children in the USA and Haiti. It will give them an opportunity to learn about another country, their culture and what other children experience on a daily basis." The World Awareness Children's Museum also participated with members of the museum running stations that included a craft, food around the world, different shelters and clothing they were able to try on. For more information, visit www.toloveachild.net.

Established in April of 2009, To Love a Child, Inc. is a local nonprofit 501 (c) 3 organization that provides educational, medical, agricultural, and nutritional programs to impoverished children and their families in Africa and Haiti to help create a better future and quality of life for all.

It's all about the love for a child...a child on the other side of the world or a child in your own back yard. It's about a child who needs education, essential supplies and support services. It's about a child who needs a warm hug, a smile and the hope, strength and encouragement to keep going and not give up. It's who we are and what we strive to do. Further information about the organization and its programs can be found at www.toloveachild.net.
