

Announcing

# Paint and Sip

with Jane Morrison

to benefit children in dire need  
after the Haiti Earthquake and Hurricane Ida

Our dear and talented friend, Jane, has been supporting our efforts for many years. Now, she combines her love of art and her compassion to help children by inviting us to her new art studio in Mechanicville, NY for a series of Paint and Sip sessions to benefit children who are struggling to overcome the recent earthquake in Haiti. In the weeks ahead, we will also be looking to support the back-to-school needs of the children that were affected by Hurricane Ida.
