Established in April of 2009, To Love a Child, Inc. is a local nonprofit 501 (c) 3 organization that provides educational, medical, agricultural, and nutritional programs to impoverished children and their families in Africa and Haiti to help create a better future and quality of life for all.

It's all about the love for a child...a child on the other side of the world or a child in your own back yard. It's about a child who needs education, essential supplies and support services. It's about a child who needs a warm hug, a smile and the hope, strength and encouragement to keep going and not give up. It's who we are and what we strive to do.
